DWSIRLF Request for Ranking and Consideration for Funding

1. Federal Fiscal Year (FFY) Ranking/Funding Desired (check one)

- FFY-2023 (10/01/222 – 09/30/23)
FFY-2024 (10/01/23 – 09/30/24)
FFY-2025 (10/01/24-09/30/25)

2. Entity (Water Assoc., District, Town, City, etc.) Requesting Ranking:

PWS Name and ID: City of Waveland, ID0230002
Contact Person: Jay Trapani, Mayor
Entity Name: City of Waveland
Address: 301 Coleman Avenue, Waveland, MS 39576
Phone: (228) 467-4134
Fax: NA
E-mail: jtrapani@waveland-ms.gov

3. Entity's Consulting Engineer:

Contact Person: Jason Chiniche
Firm Name: Chiniche Engineering and Surveying
Address: 407 Hwy 90, Bay St. Louis MS 39520
Phone: 228-467-6755
Fax: NA
E-mail: jason@jjc-eng.com

4. Entity's Legal Counsel:

Contact Person: Ronnie Artigues, Jr.
Firm Name: NA-City Attorney
Address: 301 Coleman Avenue, Waveland, MS 39576
Phone: (228) 467-4134
Fax: NA
E-mail: rartigues@waveland-ms.gov

- 5. Population (Entire Service Area): 6,943
6. # of Connections / # of Population (Affected by Proposed Project) ± 3500
7. # of Existing Wells (System-wide) 4

8. Zip Codes (List all served by the drinking water facilities): 39576

9. Project Purpose/Need Categories

- a) Primary Drinking Water Stds. Compliance
b) Back-up Well or Emergency Tie-in
c) Pressure Deficiencies
d) Source Water Protection
e) Service to Existing Unserved Areas
f) Additional Supply Needs
g) Rehab/Replacement of Existing Facilities
h) Fluoride Addition
i) Secondary Drinking Water Stds. Compliance
j) Consultation
k) Lead Service Line Replacement (BIL)
l) Emerging Contaminants (BIL)
m) Other (Explain):

10. Project Description: Survey and identification of lead water service lines

11. Consolidation Eligibility:

- a) Is there an existing regional water suppl infrastructure available in the area that meet the needs proposed by the project?
b) If a) is yes, has the system requesting DWSIRLF funding researched the possibility of using the regional infrastructure?
c) If b) is yes, was it determined that using the regionals infrastructure is economically and technically feasible?

Note: If the water requesting DWSIRLF funding is in a county with a utility authority, approval of the proposed project by the utility authority may be necessary.

DWSIRLF Request for Ranking and Consideration for Funding

Local Governments and Rural Water Systems Improvements Board

12. Estimated Project Cost Breakdown:

	Total Project Cost	Other Funding	(Other Source)	DWSORLF Loan
Construction Cost	\$	\$	\$	\$
Construction Contingency (10%)	\$	\$	\$	\$
Planning/Design Services	\$ 200,000	\$	\$	\$
Construction Phase Services	\$	\$	\$	\$
Equipment, Supplies, and Testing	\$	\$	\$	\$
Total Eligible Cost	\$	\$	\$	\$

13. Project Scheduling Information:

Desired Date of Loan Award: October 2023
 Desired Construction Start Date: NA
 Estimated Construction Time: 365 (Calendar Days)

14. Assertions:

- a) This request for ranking and consideration for DWSIRLF funding has been authorized by and is hereby submitted to the Board on behalf of the entity specified in Item 2 above.
- b) It is understood that for the above-described project to be appropriately ranked and considered by the Board for funding in a given fiscal year (FY), a complete DWSIRLF facilities plan (including all intergovernmental review comments, a transcript of the public hearing comments, plan revisions pursuant to comments, and a summary of how each comment was addressed) must be submitted by the facilities plan deadline for that FY. **Projects for which that deadline is not met will be listed on the "future planning" portion of the Priority List for that FY.**
- c) It is understood that if the requesting entity has existing debt with Rural Utilities Service (RUS), formerly Farmers Home Administration, a copy of the DWSIRLP facilities plan should be submitted to the RUS with a request for their approval to incur this additional debt.
- d) It is understood that the requirements of the DWSIRLF Regulations must be met during all phases (planning, design, construction, etc.) of the project.

DWSIRLF Request for Ranking and Consideration for Funding

Ranking Form Guidelines

The following are instructions for completion of the request for ranking and consideration for funding form

1. Please indicate which Federal fiscal year funding is requested for each project.
2. PWS ID, system name, name of responsible official, address, phone number(s), and email address of person authorized by entity to request ranking.
3. Name, address, phone number(s), and email address of entity's registered engineer(s) on the project, if known.
4. Name, address, phone number(s), and email address of entity's legal counsel who will assist with land acquisition, if known.
5. Indicate the current population in the loan applicant's service area.
6. Indicate the number of connections and population which will benefit from this drinking water project for which ranking is requested.
7. Indicate the number of existing wells utilized by the system.
8. Identify all zip code areas that are served by the drinking water facility.
9. Indicate the purpose of the project by checking the appropriate box based on the project descriptions below:
 - a) Projects to facilitate compliance with Primary Drinking Water Standards. To qualify for this category projects must correct deficiencies resulting in non-compliance with the primary drinking water standards.
 - b) Projects to provide additional supply to systems that have neither a back-up well nor an emergency tie-in, that is MSDH approved, to another system to ensure safe drinking water, and thereby protecting the health of the existing population.
 - c) Projects to correct deficiencies that result in existing system failing to maintain minimum acceptable dynamic pressure (20 psi). (Documentation of these problems must be included in the facilities plan.)
 - d) Source Water Protection Projects- Projects to manage potential sources of contaminants/ pollutants and/or prevent contaminants/pollutants from reaching sources of drinking water as approved by the MDEQ Groundwater Planning Branch.
 - e) Projects to either expand existing system capacity or construct a new drinking water system to ensure safe drinking water (source, treatment and/or distribution) to serve existing residences/businesses in currently unserved areas.
 - f) Projects to provide additional supply to systems with insufficient back-up water supply sources to ensure safe drinking water, and thereby protect the health of the existing population. As a minimum, a system using ground water should be able to lose any one of the wells supplying the system and still maintain minimum acceptable dynamic pressure throughout the entire system.
 - g) Projects to rehabilitate, replace, protect, or upgrade deteriorated, worn, aged or obsolete equipment, facilities, etc., in order to assure continued, dependable operation of water systems where such systems are already meeting Primary Drinking Water Standards.

- h) Projects that either rehabilitate existing fluoride treatment facilities at well or treatment plant sites or add new facilities to existing well or treatment plants.
- i) Projects to provide treatment that brings systems into compliance with Secondary Drinking Water Standards.
- j) Projects to consolidate ownership and management of separate existing systems into a single system for purposes other than included in a) through h) above. Consolidation projects are for the purpose of promoting reliability, efficiency and economy of scale that can be achieved with larger water systems.
- k) Other - Projects that do not meet the criteria of any other listed category and have been determined loan eligible in accordance with the DWSIRLF loan program regulations.

Please Note: Projects that are primarily for future growth, development and/or fire protection are not eligible projects under this Program's federal regulations and cannot be funded.

10. Provide a brief description of the drinking water facilities project for which ranking is requested. If two or more priority categories were checked in project categories, please describe the scope of work for each priority category indicated.
11. Indicate with the water system has the ability to have its requested infrastructure needs through consolidation with a surrounding utility authority rather than pursue funding for the proposed project. The system may be required to provide a letter of approval for the proposed project in the event that a consolidation is not considered feasible.
12. Provide a brief cost breakdown of the proposed project. While there is no limit to funding amount, the Board may decide to set a funding limit to prevent a majority of funds being distributed to one entity. To aid in the determination of eligible cost, please use current DWSIRLF loan program regulations.
13. If known, please indicate the desired date of the loan award. The date selected should be between October 1st of the present year and September 30th of the following year. Additionally, please indicate the desired construction start date and the anticipated construction time required in calendar days.
14. This is a certification that the authorized official acknowledges that a completed facilities plan is required in order to be ranked within the priority system. This certification is also a reminder that DWSRF Regulations must be complied with from the planning through the construction process of projects.
15. After completion, mail to the attention of:
Jonathan Diaz
DWSIRLF Program Support Specialist
MSDH – Bureau of Public Water Supply
P.O. Box 1700
Jackson, MS 39215-1700
Email: Jonathan.Diaz@msdh.ms.gov
